supplies needed:

- assorted markers or crayons
- paper bags

what to do:

1. Use the markers or crayons to scribble 8-12 color squares on each sheet of paper.
2. Let the kids loose to find items in nature that match each color. When they find the item, have them place it in the bag. Remind little ones not to pick flowers before asking.
3. The first person that finishes is the winner, but when everyone is finished, gather the group together to go through each bag and talk about each item they found. Nature rocks!
